

March 4 – Shelter Medicine
2:30 pm – 4:15 pm

Community-based Spay/Neuter Program

Attend this session and learn why trap, neuter and release works. Statistics will be given to support the conclusions presented.

Lowell Novy, DVM

As the founder and president of Valley Veterinary Clinic Charitable Non-Profit Corporation in Simi Valley, Dr. Novy and his staff have assisted in reducing the overpopulation of unwanted pets. For the last 10 years, he has been actively involved with reducing the animal euthanasia numbers in Ventura County and helped veterinarians in other communities establish spay/neuter programs. Dr. Novy has practiced veterinary medicine for 52 years and received his DVM degree from Kansas State University.
